

Thanks to everyone who responded to the recent survey from the Salt Lake City Planning Division! Stay tuned for the results.

And coming up...

Fresh Perspectives on Warm Springs: A Student Showcase of Ideas

Wednesday, April 15 (note date change)

2:00–5:00 pm

825 N 300 W, Ste C400, Salt Lake City, 84103

Across the street from Warm Springs

This semester, students from the University of Utah School of Architecture have been exploring ideas for the future of Warm Springs, bringing inspired creativity and thoughtful design to this special place. It's been a joy collaborating with these talented young designers over the past few months, and we're excited to share their concepts with the community at the close of the semester.

Join us as they present their work and spark conversation. We'll imagine together what Warm Springs can become as a place of healing and gathering—again.

Refreshments provided · Everyone is welcome.

With gratitude to the Utah Democratic office for generously donating the space for this event.

Thank you!, Sylvia Nibley

Founder | Board Chair
